Horoscope Charts

Lagna Chart(Birth Chart)

Ascendant or Lagna, is the degree of the sign which is rising on the eastern horizon at the time of birth. The Lagna is the most influential and important sign within the natal or lagna chart. This sign will be considered the first house of the horoscope, and the enumeration of the other houses follows in sequence through the rest of the signs of the zodiac. In this way, the Lagna does not only delineate the rising sign, but also all the other houses in the chart.

Moon Chart

Moon Chart is an important tool of prediction and the results of planetary combinations are more prominent when the yogas or certain combinations happen in both Moon and Lagna Chart.

Navmansha Chart(D9)

By the power of leo, you will always want to appear Majestic around your people. People born under strong influence of Leo possess a well furnished and decent house and have good friends and will have lots of love and affection for their children and will love to take good care of their parents. You eat less and talk more. You will come across as a dominating personality. This will work against you if your combinations are not favourable.

Your inherent confidence and creative flair make you shine as a natural leader. You seek recognition and take pride in your achievements.

Since the lord of the ascendant, Sun is in the 6th house, Being as authoritative and organized you are. You are perfect for leading an organization (or) becoming a lawyer. You would want to serve people in need through your profession. You can sometimes mismanage your finances and then realize it later.
